COLUMBIA AND LARUE THE MOTHER VEINS.

The Developments in Crittenden Prove it to be Very Rich in Lead, Zinc and Fluor Spar.

Harry Watkins can give fifteen miners work digging clay

The Marble mines will go on contract next Monday; the Wring Bros. of Marion have the contract

The new opening on the Felix Co. place is looking fine. They are taking out a large amount of fluor spar, and nearly all of it is No. 1

Mr. Wright, of Louisville, Ky., one of the United States mineralogists and engineers, spent three or four days here in our mining field last week. He says the Columbia and the Larue veins are the two mother veins of this district. Mr. Wright also says that the development in Crittenden county shows this to be a very rich section for lead, zinc and fluor spar.

The Senator mines struck a large body of water and had to close down until they get a larger pump, which we understand has been ordered

Mr. Snow visited the Bliss & Nunn Nine Acres last week and bought a large amount of very fine zinc that was piled up ready for shipment at that mine

A young man from the country was in town last Monday and informed us that the Ada Florence mine, run by Mr. J. M. Parsons is getting very rich with lead and zinc in the bottom of the shaft

The Eagle Fluor Spar company will be ready to put their big mill on the Cullum mine in operation in about six weeks. We hope this mill will prove a success and have

every reason to believe it will. Major Hearn and Captain Hearn have labored hard to figure out this separator.

The Wheatcroft Mining company's mines near Mexico have started a cross level from the bottom of their shaft, for the purpose of cutting another vein that runs parallel with the Tabb

The Miller mines, owned and run by the Marion Mineral company, are getting out some very fine carbonate of zinc. They took out some chunks last week that weighed from four to five hundred pounds each, of rich carbonate.

Mr. Julius Fols, the Marion Zinc company's Supt. and engineer, left for Louisville last week, we understand, to attend to some very important business for the company. The company have closed their Riley mines down temporarily.

Messrs. Snow, Noble and Watkins had a meeting last week in the interest of the Columbia Mining Co. They decided to sink the Columbia shaft 100 feet further on contract, and the contract has been since let. This will make the shaft 265 feet deep which will be the deepest shaft in the dis-

trict. They also decided to have two new shafts on the Columbia vein, north of the old Columbia shaft.

Our Corraville correspondent writes

Quite a number of visitors of note have been to the Schofield. Specs. mines recently. All had their opinions, of course, but whether adverse or otherwise, the work continues the same. Two drills are being worked all the time, and they are making a showing in depth.

Domestic consumption is taking a pretty good share of the output of spar, but not quite enough to prove a strong factor as a market stimulator. The habit of caution has become a characteristic of the home consumer, and clings to him with considerable tenacity. It will take time and actual trade improvement to encourage spar buyers in this country to purchase heavily for prospective requirements. A movement of this kind will come only with the growth of confidence in the soundness of business conditions, but when the last vestige of business depression disappears, prudent and conservative consumers of spar will be among the first to recognize the fact. Spar can not go on a per-

manently high basis until demand increases greatly in the United States. When home industries are able to consume 50,000,000 pounds of spar per month, the market will have a foundation strong enough to support it at a reasonable and stable level. The outlook for renewed activity is improving, and as this becomes more

and more a concrete fact, consumers will feel reason to congratulate themselves, as with any price with the raw material their operations are certain to be on a large scale.

One great advantage to the mining industry of the United States (Continued on 10th page.)

JOSEPH PULITZER'S LETTER.

BAR HARBOR, ME., Sept. 7, 1901
Joseph Daniels, Esq., Chairman
Committee of National Conference
of Democratic Editors,
Waldorf-Astoria, N. Y.

My Dear Sir: Accept my thanks
for your urgent invitation to speak
to my brother editors of the Demo-
cratic faith upon the issues and
duties of the Presidential cam-
paign.

It would give me great pleasure
to be with you, but physical in-
firmities forbid. You meet as the
representatives and instruments
of Publicity, the greatest moral
force. No other body of men can
do so much in this campaign for
Truth and Publicity as the Inde-
pendent and Democratic editors
of the country. I firmly believe
that this year the Democracy has
the Truth and the Right on its
side, and that if sufficient Public-
ity shall be given to the Truth,
and no serious mistakes are made
in the campaign at vital points,
Judge Parker will be elected.

The result in Vermont ported
today should be accepted as a war
flag, not as a discouragement.
Remember that the largest total
vote ever cast in Vermont is only
fifty-six thousand about one-tenth
of the New York city alone.
The Democratic vote is usually
only ten or twelve thousand and
was never more than twenty thou-
sand, which is less than the Dem-
ocratic vote in several wards of
New York. It is absurd to sup-
pose that the result of the Presi-
dential election is decided, or even
foreshadowed, in the fastnesses
and farms of the little Green
Mountain State. The contest is
to be fought out in New York, the
Empire State, whose habit it is to
vote independently; in the rich
and populous industrial cities of
Connecticut and New Jersey; on
the wide plains and busy marts of
Indiana, Wisconsin and Illinois,
and in the doubtful states of the
farther west. There are signs of
reaction against protection, pri-
vilege and plutocracy; against per-
sonal government, militarism, ex-
travagance and the political power
of the trusts. Mr. Roosevelt's
weakness as a candidate in his
own State has been demonstrated
at every election. Should he carry
the country in November, as it
is possible that he may, the ad-
verse vote of New York would
serve as a salutary check on his
assumption of power, and no eff-
ort should be spared to secure
this result.

The lesson of the Vermont elec-
tion is that the Independents and
the Democrats must work with in-
creased vigor and under a more
complete system. Truth may be
self-evident but it is not self an-
nouncing. Truth is mighty, but it
will not prevail without all the
aid of publicity. Truth must be
proclaimed, illustrated, establish-
ed, enforced. Most important of
all, Truth must have a leader.

The result of the Vermont elec-
tion makes it, in my judgment,
all the more imperative that Judge
Parker shall realize and perform
his duty to the millions of honest
voters who seek no office, look for
personal gain in this election; but
who see in him an ideal and a
hope, and aspire to preserve thro'out
the institutions they love.
The people need a judicial Chief
Magistrate but not too judicial a
candidate. The judge is trained
to look at both sides of a case;
the candidate should have his
hands full in looking after his
own. From the judge is expected
cautious deliberation; from the
candidate inspiration, energy,
promptness and aggressive im-
pulse. It is the part of a leader
to lead in the combat of ideas,
in the conflict of principle, in the
denunciation of public wrongs, in
the presentation and enforcement
of Truth.

It is because I so strongly de-
sire Judge Parker's election that
I speak so plainly on this subject.
I admire his judicial temper-
ment. I appreciate the great per-
sonal sacrifices he has made in ac-
cepting the nomination. But hav-
ing accepted it, I earnestly beg of

you, when you see him tomorrow
at Bar Harbor, to urge that he accept
also the full responsibility of his
position: that he will not permit
the campaign in New York, the
pivotal state, to be mismanaged
by the small politicians who beset
him, that he will in the next six-
ty days be even more than hereto-
fore the people's leader and teach-
er, their tribune and advocate.
Joseph Pulitzer.

Emergency Medicines.

It is a great convenience to have at
hand reliable remedies for use in cases
of accident and for slight injuries and
ailments. A good liniment and one
that is fast becoming a favorite if not a
household necessity is Chamberlain's
Pain Balm. By applying it promptly
to a cut, bruise or burn it allays the
pain and causes the injury to heal in
about one-third the time usually required,
and as it is an antiseptic it prevents
any danger of blood poisoning. When
Pain Balm is kept at hand a sprain may
be treated before inflammation sets in,
which insures a quick recovery. For

LETTER FROM MISSOURI.

QUIN, Mo., Sept 15, 1901.—ED-
PRESS: I will now write you a few
lines, while I have the time, to let
you know I am still living and I
hope this letter will find you all
right.

I am now working for S. H. &
S. P. Montgomery, merchandise
men of Pollard, Ark. They own
a large store at Pollard and one
here, which I am working in. We
have a nice stock of goods here,
and a large trade. We also have
control of the post office.

Quin is just across the line
from Clay county, Ark., in Butler
county, Mo., located on the Pol-
lard R R that leads from Poplar
Bluff to the swamps. It is used
for lumbering purposes but is sur-
veyed from Poplar Bluff to Rec-
tor, Ark., through one of the most
valuable timbered sections in the en-
tire Southwest Missouri, and in
Southeast Arkansas.

Railroads are being surveyed in
many different directions from
here, and you know railroads is
the first great step to the develop-
ment of the forest.

Well, Mr. Jenkins I wish you
were here with your gun. I would
love to see you try your hand on
a buck. I had venison for dinner
yesterday.

I guess I will be in to see you
and my old home Christmas, but
can't tell for certain.

Well, as you are worried with
so many bad letters, I will give
you a rest for this time.

Yours truly,
John E. Roberts,

SEA TO COVER CHICAGO.

A Niagara Falls telegram to the
Chicago Herald-Record has the
following:

"Instead of a city of skyscrap-
ers Chicago is doomed to become
an expanse of water. In course
of time the smaller buildings will
disappear beneath the tide sweep-
ing in from Lake Michigan. Above
its surface will appear the tops of
the Masonic Temple, the Mont-
gomery Ward steeple, and the Au-
ditorium tower—breaking the mo-
notony of a yellow sea. Gradually
these will disappear.

This is the prophecy of Prof.
Grove K. Gilbert, of the United
States Geological Survey, in a re-
cent address before the members
of the International Geographic
Congress. He added to his gloom-
y picture by predicting that in
those calamitous times the Niaga-
ra Falls would cease to exist and
the great watercourse be as dry as
the sands of Sahara.

One ray of comfort he held out,
however. These changes will not
be accomplished in much less
than 3,500 years.

In his address Prof. Gilbert
declared that great changes were
taking place in the Lake region.
Unless man finds some great source
of energy, such as the sun, he
said, the Falls of Niagara will in
time cease to be a spectacle of
grandeur because of the power de-
velopment.

He traced the events that had
led to the creation of the great
lakes and explained that in past
centuries these lakes had other
outlets, but that the tipping of the
land as the ice passed away led to
present conditions. The tipping
of land is still going on, he says,
and in the course of time the wa-
ters of Lake Erie would flow to-
ward Detroit.

CYCLONES

Some interesting facts about cyclones
they occur during every month of year;
they are due to atmospheric conditions
possible and probable everywhere, and
precautions can prevent and no safe-
guards, protect against this force, and
the only sure way to avoid personal loss
is to take out cyclone and tornado in-
surance in a reliable company, rates are
practically low, protection undeniably also
lute.—Bourland & Haynes.

WASHINGTON LETTER.

Washington, D. C., Sept 22.—
The news this week in Washing-
ton is strongly amatory; the whole
country will be amazed and per-
haps alarmed, to hear that there
will probably be a Cupid Bureau
organized in the War Department
whose business it will be to super-
intend marriages. Gen. Corbin
"got a new idea while he was in
Europe." He studied the person-
nel of the German army, and, af-
ter being entertained by the Em-
peror, resolved to copy its regu-
tions as far as possible. No Ger-
man officer is permitted to marry
without the consent of the Empe-
ror. Gen. Corbin now proclaims
that no officer of the United States
army should be permitted to mar-
ry until he has secured the per-
mission of the Secretary of War
after convincing that functionary
that he has what functionary
considers "a sufficient income."

It seems not to have been noticed
that this insisting on financial
competency, harks back to the en-
dashed at West Point, and that
the inevitable tendency will be
that only rich men's sons hereaf-
ter can hope to enter that institu-
tion. That this will strongly tend
to the establishment of an Ameri-
can aristocracy of the sword goes
without saying.

But, in the meantime, what ne-
cessities of the President's re-
nunciation against race suicide? and
his apothecosis of fecundity, and
his eulogies of those women who
have borne twenty four children?
Corbin wants no poor man in the
army except bachelors, and says
"Marriages of army officers who
have no property provisions for
assuming the responsibility there-
for is hurtful both to the army
and the officers themselves." Can
the President approve of this, and
what becomes of the romance of
war? Are future heroines to be
furnished only by the "Four Hun-
dreds?" Under the Corbin regi-

From 148 to 92 Pounds

One of the most remarkable cases of a
most desperado on the range, coming
from Marion, Ky., who was captured
by the use of one Minute Cough
Cure. The coughing and
straining was so great that I can
scarcely lift it now. It weighed 148 to 150 pounds.
I tried a number of remedies to no avail
until I got one Minute Cough Cure.
Four bottles of this wonderful remedy
cured me entirely of the cough, strain-
ing, and all the other troubles. I am
now a normal weight, healthy and strong.

Advantages of a Canning Factory

First, it gives a home market and a cash price for your fruit and vegetables.

Second, it keeps your money at home, which is now sent abroad to buy canned goods.

Third, it makes our community a producer instead of a consumer.

Fourth, it diversifies your farming industry.

Fifth, it employs home labor.

Sixth, properly managed it pays a good interest on the investment.

Seventh, it increases the real and rental value of your land.

Eighth, by giving your boys and girls work, it teaches them thrift and economy, thereby they become good citizens and assist in building up the community in which they live.

Ninth, it is a nucleus by which some other industry should naturally follow.

Tenth, it makes your community largely self-sustaining.

Eleventh, it saves and consumes thousands of dollars worth of fruit and vegetables that now go to waste for the want of a market.

Twelfth, it is a worthy, laudable enterprise employing many needy and deserving people. Also putting much cash in circulation, enabling your merchants to sell their goods for cash and at reduced prices.

Allow us to say further, Tomatoes are sold tobacco. B. G. Bright and others who have raised tobacco for years can testify. Below will be given amount delivered from their acreage in 30 days and cash obtained for same. No 14 to 15 months to wait as in tobacco.

E. A. Black, \$111.00 from 9 acres.

B. G. Bright, \$108.15 from 3 acres.

John Shurrell, \$71.40 from 10 acres.

Wilson & Lane, \$54.81 from 3 acres.

John Sullivan, \$31.65 from 4 acres.

J. C. O'Hara, \$108.31 from 11 acres.

Wilson & Tish, \$61.36 from 8 acres.

C. S. Blue, \$105.08 from 8 acres.

T. H. Dalton, \$57.03 from 5 acres.

James McElroy, \$14.55 from 2,000 hills.

This is for the first 30 days delivery and would have you to understand that Tomatoes bear until frost. This section of the country will produce Tomatoes for at least 90 days from the going to close of Canning season.

Should your people desire a canning factory in your community, we would be pleased, if desired, to figure with them upon the following terms and conditions:

First, the price of a factory depends on size of buildings and amount of machinery: varying from \$8,700 to \$15,000. This includes buildings, warehouses and machinery set up in factory in running order.

Second, we can buy labor and building material in your town.

Third, no money or notes asked until factory is completed, as per terms and specifications in printed contracts.

Fourth, if desired we can furnish an experienced man to pack the goods.

Fifth, can assist in sale of your pack first season if desired.

Sixth, we can assist in explaining to the farmers when and how to plant their crops. Also to assist in contracting for a portion of your acreage and give many other advantages obtained from many years of practical experience in business. We are in a position to make close figures and can furnish first-class bank references.

Should you so desire we can visit you at an early date and investigate the matter.

This factory should employ about 100 women and girls and about 25 men and boys for about five months; and in the winter time the canning of the honey and Boston baked beans; so in reality the factory should run from eight to ten months. The farmer contracts with the factory for what he grows on so many acres of land at so much per bushel, so he knows what he is to get before he plants it. Corn, Tomatoes, beans, Peas, Pumpkins, sweet Potatoes, Beets, in fact all kinds of fruits and vegetables can be used at factory.

Everybody's business is nobody's. We ought to have a canning factory. The merchant has no time to work it up. Banker says good thing. The lawyer's hands are full. Doctor up for a week is tired. The farmer says, I wish we had a factory to take our raw stuff, it will spoil if shipped. The editor has said it so often he is getting short of ink. Talk from everybody, but no factory. Manufacturers of canning machinery consider it their business, with the assistance of townsmen and farmers, to work up a company make a wholesale job of a complete factory ready for operation before a dollar is paid. So it is to our natural interest. With your co-operation and good will we can undertake to establish you a home industry that will be an ornament to your town.

REST

[By G. W.]

Shadow-lean land and sea,
Shadows lean lake and den,
Willow banks and placid stream,
Robed in silvery moonbeams, dream,
Airy waves of incense sweep,
Over earth, and all things sleep,
Perfume from a thousand flowers,
Flushing on the drowsy hours,
Land and sea and earth and sky,
Flushed in tranquil mystery, lie,
Is my darling sleeping too? Is she
Is she resting the night through?
Or, by canvas and only oppressed,
Does she seek in vain for rest?
Angels find her, for love's sake,
And, if restless and awake,
With your influence cannot sweet
Give my darling rest and sleep.

CHAS. EVANS, Prin. of Schools, Marion, Ky.

Died at his residence in Crittenden county, on the morning of Sept 1st 1904, John Kirk, aged 73 years and two months. In the death of John Kirk Crittenden county loses one of her old and marks. He was one of our best citizens, a good christian, a good neighbor, a good citizen. The remains were buried at Tyners Chapel on the 22d, the funeral services were conducted by the Rev. Fradic of the M. E. church, one of the largest congregations assembled at the Chapel we ever saw at a funeral at this place to pay their sad respects to the good man.

Died near Tyners Chapel Sept 21, a child of Mr. Simpkins, the remains were buried at the Chapel; Mr Simpkins wife is very feeble and not expected to recover.

Bro Kirk and Ed Mosey have sold their Bluff farm to E. C. and H. G. Howard.

Henry Bruster has called off his western trip for the present.

H. G. Howard of Emmitsburg is visiting his daughter, Mrs. Grimes, who is quite feeble in health.

Our farmers are all despondent over so much rain, as it destroys the prospect of a wheat crop.

All farm work is being delayed by the wet weather.

Joe Kirk and family of Forts Ferry, attended the burial of his brother John.

The number of wagons hauling clay have decreased during the past week.

Rev John Fradic of the M. E. church preached his farewell sermon to the people at Tyners Chapel Sunday. Bro. Fradic made many friends while in his work on this circuit.

Rev J. B. Lowery filled his regular appointment at New Salem church Sunday.

Bob Threlkeld has just finished painting his residence, which adds greatly to the already beautiful place.

Henry Brewster one morning last week found one of his line of cows dead; she was well the previous night.

Mrs. Josie Tynor is visiting her daughter, Mrs. Harris, at Salem.

Nearly every farmer one meets has a number one case of blues, why so? well everything but hogs are no go and but few of them to go.

RODNEY.

Wheat sowing has commenced in this section, a large crop will be sown.

Mrs. James Paris, of Marion, and her daughter, Mrs. W. H. Brown, of near Salem, visited relatives at this place Sunday.

Wm. Barnett made a large shipment of hogs from this place last week.

R. D. Moore and daughter, Miss Mary visited relatives here Saturday.

Foster Threlkeld requests us to say that if the fellow who took his machine sickle will return it, immediately that all will be well; but if he don't he must abide the consequences when the grand jury convenes.

A little accident occurred at our meeting Sunday evening between Fred Sells and Ed. Night, in which Ed. received two scalp wounds, one with a brickbat and the other with a hoe. Dr. Jesse Moore sewed up the wounds and Ed is all right again.

Dr. Moore is the busiest man in Tolu. He is attending his own patients and those of Dr. Clement, including all those options at the drug store, Dr. Clement and Dr. B. Mantz being absent sight seeing at the Worlds Fair.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

nervous prostration. He has been
a prominent figure in the Repub-
lican ranks of the Eleventh dis-
trict for many years.

News is received from China
that there is imminent danger of
a Boxer uprising. The 17th of
October next is the day generally
supposed to be fixed upon for the
extermination of the christians.
Recent movements among Boxer
leaders has caused considerable
anxiety in high places.

The complexion of the next
House of Representatives in a
depend upon the vote of Kentuck-
y. There is no disaffection in
any district and with the excep-
tion of the Eleventh district the
entire delegation should be Dem-
ocratic.

Something commencing with an
"H" has broke loose between Na-
tional Chairman Cortelyou and
the Republican Campaign com-
mittee of this State. Cortelyou
insists that no one save the Na-
tional Committee has a right to
"squeeze" Federal office holders,
while Chairman Long continues
serenely levying the tribute. Hence
the row.

Richard P. Ernst, Chairman of
the Republican Campaign com-
mittee, was through this part of
the State this week and visited
Paducah and Hopkinsville, in
both of which places he was in
consultation with the local lead-
ers. At Paducah he was joined
by ex Senator Deboe. It is sur-
mised a deal may be on with the
Populists. Although the old Gi-
bbs is unrepentant, it might
be just as well to watch the move-
ments of Mr. Ernst.

Hon Henry G. Davis, vice pre-
sidential candidate, opened the
Democratic campaign in West Vir-
ginia at Wheeling the 22d, before
a large audience. Mr. Davis an-
nounced that he would deliver but
few addresses during the cam-
paign, but in his tour over the
country he will be accompanied
by Hon Charles A. Towne, of
New York, who will do most of
the speaking, leaving Mr. Davis
free to mingle with and shake the
hands of the masses.

October 3d the battle will be
opened in this State by the Dem-
ocrats. The big guns and the lit-
tle ones will blaze all along the
line, and although Marion may be
too far off to see the flashes or
hear the thunderous volleys, it
should inspire all Democrats to
know that the good work goes
bravely on. From present inhi-
bitions it would be a good idea to
send some rattling speakers into
Crittenden, if a full party vote
is expected.

Edwards has won the certificate
from Dr. Hunter in the Eleventh
district and his name will go on
the log cabin on the ballot.
Hunter had to fight not only Ed-
wards, but the Republican State
Committee and the gang of Fed-
eral office holders in Louisville,
who are said to have sent fifty
thousand dollars into the Eleventh
district in order to defeat
Hunter at the primary. A prom-
inent friend of Dr. Hunter says
he will give Edwards trouble yet,
and will also even up matters
with the Louisville gang who
have pursued him with such re-
lentless venom.

AN INTERESTING LECTURE.

Rev S. M. Jordan at Dayton,
Ohio (Holy Land), an eminent
divine, will reach the city Thurs-
day at noon, Sept. 29, and will
preach at the Baptist church at 7
o'clock, p. m. He is not only a
scholarly and interesting lecturer,
having seen a lot of the world and
traveled much in the far East and
has been given audiences by the
crowned heads of the old world.
A rare treat is in store for those
who hear him, for his sermon will
be full of interesting experiences
of travels in foreign lands. He
numbers among his friends the
Sultan of Turkey. While in the
city he will be the guest of Judge
J. L. Pierce.

Big Colored Revival.

Rev H. A. Gibson, an interde-
nominational evangelist, of Indi-
anapolis, Ind., has been leading
a series of revival meetings at the
colored Cumberland Presbyterian
church in this city for two weeks,
having been engaged for this work
by the pastor, Rev. E. J. Simpson.
The meetings have been largely
attended and great interest man-
ifested. The evangelist is an em-
inent worker, an able speaker, a
fine scripturist and his few ex-
amples as a revivalist.

There is a large gully forming in the center of North Walker street, just below Elder Conway's residence, that needs the immediate attention of our progressive Town Marshal.

Messages received from Denver are to effect that the Highways, Brownings and James Kevil passed through there en route to California. Nothing has been heard from them since they left Denver.

H. F. Foster the clever tonsorial artist has rented the office room next door to Stewart's Jewelry store and will occupy it at once. He will be pleased to see all his customers there after today.

The Golconda fair meets Oct. 5th, and continues four days and a grand time is anticipated. Our thanks are due the management for tickets. We hope to be able to go.

One of the best county fairs held anywhere in Southern Illinois is the Pope county fair, held at Golconda. This year's meeting begins Oct. 5th and continues through Wednesday, Thursday, Friday and Saturday, four days.

Elder W. R. Gibbs, of Sheridan passed through the city Monday en route home from Liberty, Lyon, county, where he preached Sunday. After a few days rest he will go to Myers Hill, Livingston county to hold a meeting.

The members of Bigham Lodge No. 256, F. and A. M., held services over the grave of James Hitchcock Sunday at the Fowler graveyard on Pilot Knob. Mr. Hitchcock was one of the oldest members of Bigham Lodge, having been a Mason 11 years.

Mrs. Percy Noggle of Delevan, came to this city Friday and returned home Saturday, leaving her baby in the care of her sister, Mrs. Herman Koltinaky, while Mrs. Noggle and her husband and Mrs. W. D. Wallingford take a week's visit to the World's Fair.

Wathen Rankin and Norman Henry have purchased the agency for the Kohinoor Laundry of Trice Bennett and will have their laundry office at the Bowling alley. They wish to hold all old customers and will be pleased to have you phone them when your bundle is ready.

Mrs. Ellen Croft's residence came near burning last week. The laundry room caught on fire and but for the timely discovery of her mother, Mrs. Mary Fleming who is visiting her, the whole house would soon have been in flames. Mrs. Croft's home was burned once several years ago at Salem.

Quite a large party left Tuesday for St. Louis. Rev. T. A. Conway, one of the members being given a complimentary trip by his congregation or certain members of it at Rock Spring, Webster county. Others who went the same day were: Van McGill and wife, A. E. Cullen and wife, Wm. Wallace, Miss Posey and Flora Cullen, all of Rock Spring vicinity and Mrs. Thos. Clifton, Mrs. Edna Adams, Mrs. Dolph Hearin, Miss Lovie Traylor and Urie Shewmaker, of Marion.

Trice Bennett went to Hopkinsville at noon Wednesday to attend the funeral and burial of his Grandfather John Bennett who died there Tuesday.

Monday afternoon as Given's ice wagon was crossing the railroad track near the depot it came in contact with a freight car, wrecking the vehicle, but the team and driver escaped uninjured.

As one of Duvall and Hurley's express wagons was crossing the railroad track in front of an approaching freight train Monday afternoon a wheel came off the wagon and a wrecking of the vehicle was prevented only by the prompt stop of the train.

Fred Perry and Lee Enoch left Monday for Princeton, where they will join the United States army. From there they will go to Columbus, O., to join the Coast Artillery which is stationed at that place.

Rev. T. F. Rowland, of Shady Grove, was in the city Tuesday en route to Franklin to attend the Methodist conference.

Mr. Rowland has closed his second year pastorage of the churches on his work he does not know whether he will be returned to that place or not.

W. F. Summerville one of our best citizens has had the misfortune of losing a fine horse recently. Several other of his horses are sick. He thinks lightning stunned them and caused paralysis of the stomach and bowels, as he can account for their illness in no other way.

While an I. C. train was switching at the depot here Monday afternoon, Conductor Haydon was severely hurt on the head by coming in contact with the swing blocks to derrick car. The wound was dressed by Dr. A. J. Driskill and the man was able to resume his work, though still suffering considerably.

W. D. Cain, of Charleston, Mo., formerly of Blackford, was in the city Monday visiting his sister, Mrs. Albert H. Travis. Mr. Cain was born and reared in this county and lived here many years but is now the owner of a big farm in Mississippi county Mo., for which he and his brother recently paid \$17000.

Mrs. Blake Hopkins, of Turret, Colorado, arrived on the 3 o'clock train Tuesday afternoon to visit her father's family Squire T. A. Harpending, of New Salem. Her father met her here at the train. This is Mrs. Hopkins first visit since her romantic marriage last summer a year ago.

Hon. Everett Butler, of Smithland, was in town last week shaking hands with his friends. He expects to leave for Colorado, this week to spend the winter. He and Mrs. Butler both are needing a more salubrious climate and they will try the mountains of Colorado. They may go to Grand Junction for a part of their stay.

Mr. J. H. Walker united with the Methodist church Sunday. On account of his advanced age and feeble health he was unable to be at church Sunday morning and was received into membership at the parsonage Sunday afternoon in the presence of a large number of friends who gathered in to extend to him the hand of good fellowship.

John Bennett the father of our county man, A. J. Bennett, of Tolu, died at Hopkinsville Tuesday night Sept. 27th of the infirmities of old age. He was born in this county then Livingston 91 years ago. He leaves besides A. J. Bennett the following children: Mrs. A. B. Alves, of Ford's Ferry, Mrs. W. C. Hamilton, of Weston, Robt. Bennett, of Tex., Lee and Forest also of this county. Mr. Bennett was formerly a regular visitor to this place and many friends remember him well. The interment was at Hopkinsville Wednesday afternoon.

The minutes of the district school convention held at Sugar Sept. 23, were crowded out of. They will be published next week.

The 18-months-old baby of Mr. Mrs. Frank Doss met with a painful accident Sunday afternoon. The little child was sitting in his go-cart out on the porch when some person from the street threw a brickbat at some object on the yard fence and the missile, rebounding, struck the baby on the head, inflicting a painful but not serious wound.

The Board of Trustees of the Marion Graded schools is to be congratulated on the sale, consummated Monday of ten \$2500-1 per cent bonds at par, to Miss Mary I. Maxwell, of Marion. The sale was negotiated by the board with P. S. Maxwell, one of the sterling financiers of the state and the fact that they were accepted by him is a strong evidence of their real value and the standing of the community in the financial world. 4 per cent bonds don't bring par every where.

Monday night a terrific rain storm passed over Livingston county. The rain fell in torrents and the wind played havoc with fences and outbuildings generally. At Hampton the large store of H. C. McCord under construction was completely demolished. The frame was up, sheeting on and weather boarded, but all was leveled to the ground entailing a considerable loss to the owner. Mr. McCord is well known here and his friends will regret to learn of his misfortune.

Rev. T. V. Joiner and Mr. C. S. Nunn left Tuesday for Franklin to attend the meeting of the Methodist annual conference. Mr. Joiner has closed his fourth year as pastor of the church in the city and by the laws of his church is declared from further service here, much to the regret of the members of his church and the people generally. Mrs. Joiner also has made many friends since she came to this city and has been very efficient in church work and is popular socially as well.

CARD OF THANKS.

We desire to thank our many friends who were so kind and good to us during the sickness and death of our son and brother Healy Haynes Cochran.

Mother, brothers and sisters.

MRS. ELDER DEAD.

Mrs. Josephine Elder died Tuesday afternoon at the residence of her son-in-law, Aaron F. Griffith, after an illness of several months of consumption, aged about 68 years.

Mrs. Elder was the widow of George Washington Elder, one of the early settlers of this county, who died some twenty or twenty five years ago. She was a kind, christian lady, a member of the Presbyterian church and had many friends. Two of her children survive her, Mrs. A. J. Chittenden, of this city, and Mrs. A. F. Griffith, near town.

The funeral services will be held today and the remains laid to rest in the new cemetery.

Struck by Lightning.

The large stock barn of Raymond and Tom Babb, two miles north of Salem on the Tolu and Salem road, was struck by lightning Tuesday night during a thunder storm, setting the building on fire and burning it to the ground with all its contents. Seven mules and three horses were killed. And a lot of hay and corn, a buggy, a surry, a farm wagon and other farm implements and machinery were destroyed. The estimated loss is about \$3,000. They had a small insurance.

DON'T VOTE FOR WATSON.

Mr. Henry George, Jr., in a letter over his signature published in the New York World, expressing his desire for Democratic supremacy says in part:

"To men thinking as I do there is not only no good result to be obtained by voting for Mr. Watson, the People's party candidate for the Presidency; there is a negative evil. The election lies between President Roosevelt and Judge Parker, and what one of the other stands for must govern the administrative branch of the United States Government for the next four years."

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Winkler of Pleasant City, Ohio. "Pneumonia had played sad havoc. With him a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Woods & Orme, Druggists. Price 50c and \$1.00. Trial bottles free.

Good Karpotkin will make his next stand at Tie Pass. He will probably stop long enough to alter the name to I Pass.—Hopkinsville Kentuckian.

FOLEY'S HONEY AND TAR
Cures Coughs; Prevents Pneumonia

ROOSEVELT A PERIL.

Dr. Henry Wade Rogers, formerly President of Northwestern University, a distinguished writer on a constitutional law, and the present dean of the law department of Yale University, concerning President Roosevelt expressed himself, in a speech to the Connecticut State Convention as follows:

"Since he became President he has shown, not only by his treatment of Panama and his action on the pension matter, as well as by his dictatorial assumption of authority in every department of the Government such a disregard of the limitations of power as to lead many thoughtful men to distrust his wisdom. It is this distrust which perhaps more than any other reason, has led the independent press of the country, almost without exception, to pronounce against him in this campaign and to regard him as a dangerous pilot for a great ship."

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElphiny, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quite relief and is pleasant to take. For sale by Woods & Orme, Druggists.

Where Will It End?

"Does not his whole career, illustrated by his writings, his sayings and his doings—his headless criticisms, his spectacular exploitations, his broken promises, reveal to us a self-willed adventurer upon the high seas of public life, having no rudder or compass except his own ambition; no principle or rule of conduct save that of decking the machines with the honours and furbelows of civic righteousness while violating the spirit and sacrificing the actualities of the civil service by a line of partisan appointments to office never surpassed during the worst times of the spoils system he has so stigmatized and exemplified. Was Jackson, whose ignorance he rebukes, more personal and autocratic than he is himself? Was Grant, whom in life he persistently antagonized, more indifferent to the admonitions of public sentiment?"

"And if we have seen such things in the green leaf what may we not expect to see in the brown? If elected President in 1901, why not again in 1908? The tradition once broken what may not be the possibilities in 1912?"—Henry Watterson to the Democratic Editors.

Working Overtime.

Eight hour laws are ignored by those tireless, little workers.—Dr. King's New Life Pills. Millions are always at work night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, and sure. Only 25c at Woods & Orme's drug store.

WAS IN BIG HORN FIGHT.

Bowling Green, Ky., Sept 22.—George A. Wallace, local agent for a Louisville piano company, died here last night after a brief illness. The remains will be taken to his former home, Greenwood, Indiana, for interment. Mr. Wallace was in the battle of the Little Big Horn and was a member of the G. A. R. He has written several volumes of verse, mostly stories of the two wars in which he was engaged.

It Saved His Leg.

P. A. Danford of LaGrange, Ga., suffered for six months with a frightful swelling sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Woods & Orme, druggists.

Warts on her fingers, corns on her toes, she will be miserable wherever she goes, unless she uses Dr. Mendonhall's Corn Cure. 15 cents at druggists or sent by mail on receipt of price by J. C. Mendonhall, Evansville, Ind.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is what for such valuable material. Some pay more, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

Dies at Smithland.

Polineah, Sept 22.—Ed Samuel H. Pile, aged eighty one, died at Smithland last night from old age. He was born in Daviess county, went to Livingston county in early life and was for many years sheriff, subsequently practicing law. Twenty years ago he came to Polineah, but moved back to Smithland two months ago. He leaves three sons and two daughters.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Must eat the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating take Chamberlain's stomach and Liver Tablets and the sour stomach may be avoided. For sale by Woods & Orme.

Bill Britton Arrested.

Jackson, Ky., Sept 22.—"Bill" Britton, who was indicted at Lexington yesterday for the murder of James Cockrell, was arrested near here this afternoon by Chas. Terry, coroner, Wm. Bailey and others, composing the posse from Lexington.

The posse came upon Britton unexpectedly, near his home, and he made no attempt at resistance, but as he was known to be a desperate man, he was handcuffed at once.

Britton is a cousin of Judge James Hargis, and as soon as he was arrested Mrs. Britton telephoned to Judge Hargis, asking that he secure her husband's release on bail.

The posse went to Lee City and thence by back to Tarrant, by the Lexington and Eastern railroad, rather than go through Jackson to Lexington.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by Woods & Orme.

A Power For Good.

The pills that are potent in their action and pleasant in effect are Dr. Witt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Woods & Orme, Druggists.

DON'T VOTE FOR WATSON.

Mr. Henry George, Jr., in a letter over his signature published in the New York World, expressing his desire for Democratic supremacy says in part:

"To men thinking as I do there is not only no good result to be obtained by voting for Mr. Watson, the People's party candidate for the Presidency; there is a negative evil. The election lies between President Roosevelt and Judge Parker, and what one of the other stands for must govern the administrative branch of the United States Government for the next four years."

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Woods & Orme, Druggists. Price 50c and \$1.00. Trial bottles free.

Our Kuruputkin will make his next stand at Tie Pass. He will probably stop long enough to alter his name to I Pass.—Hopkinsville Kentuckian.

Long Dominancy and Corruption.

"In spite of some excesses of feeling and mistakes of judgment the Democratic heart beats true to the essential principles of the Republic as it was created by the sublime Declaration, and ordained by our incomparable constitution. In spite of their intelligence and energy, the Republican gladiators are losing sight of their fidelity to both. Even the errors of the Democrats lean to virtue's side while the very virtue of the Republicans are beginning to be sickled over with the pale cast of corruption and absolutism. This is not because the Democrats are Democrats and the Republicans are Republicans. The label has little to do with it. It is because the nature of long dominancy tends first to corruption, and then, threatened with exposure to tyranny."—Henry Watterson to Democratic Editors.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Woods & Orme Druggists.

ROOSEVELT A PERIL.

Dr. Henry Wade Rogers, formerly President of Northwestern University, a distinguished writer on constitutional law, and the present dean of the law department of Yale University, concerning President Roosevelt expressed himself, in a speech to the Connecticut State Convention as follows:

"Since he became President he has shown, not only by his treatment of Panama and his action on the pension matter, as well as by his dictatorial assumption of authority in every department of the Government such a disregard of the limitations of power as to lead many thoughtful men to distrust his wisdom. It is this distrust which perhaps more than any other reason, has led the independent press of the country, almost without exception, to pronounce against him in this campaign and to regard him as a dangerous pilot for a great ship."

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElpheny, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by Woods & Orme, Druggists.

Where Will It End?

"Does not his whole career, illustrated by his writings, his sayings and his doings—his headless criticisms, his spectacular exploitations, his broken promises, reveal to us a self-willed adventurer upon the high seas of public life, having no rudder or compass except his own ambition; no principle or rule of conduct save that of decking the machines with the flounces and furbelows of civic righteousness while violating the spirit and sacrificing the necessities of the civil service by a line of partisan appointments to office never surpassed during the worst times of the spoils system he has so stigmatized and exemplified. Was Jackson, whose ignorance he rebukes, more personal and autocratic than he is himself? Was Grant, whom in life he persistently antagonized, more indifferent to the admonitions of public sentiment?"

"And if we have seen such things in the green leaf what may we not expect to see in the brown? If elected President in 1901, why not again in 1908? The tradition once broken what may not be the possibilities in 1912?"—Henry Watterson to the Democratic Editors.

MINING MATTERS.

(Continued from First Page.)

is the amount of publicity which is being secured through the exhibit made at the Louisiana Purchase Exposition. Scores of mining men and mining engineers have already visited the Exposition and many others are preparing to make the visit during the fall months now at hand. Many of these engineers have, after visiting St. Louis, passed on to the mining districts in which they are interested. Manufacturers of mining machinery have already discovered this to their own satisfaction, and several good orders for machinery have resulted from the visit of these gentlemen to the United States. During the past week a party of sixteen engineers from Europe landed in New York and will visit the principal engineering works of the country, as well as the Exposition. Many other technically trained men are to be in attendance at the Electrical Congress which is to be held in St. Louis during the present month, and afterwards pursue their investigations elsewhere, while the American Institute of Mining Engineers, which holds its annual meeting in the Lake Superior country, were to arrive in St. Louis on the morning of the 27th inst., where their meeting will be continued.

A FINANCIAL SUCCESS.

St. Louis, Mo., Sept. 21.—The World's Fair will be a financial success, as well as a great tribute to the management and the country at large, which has put up its good money with expectation of returns. But the returns are here. Over 400,000 visitors are in St. Louis today, and the tickets have booked in advance during October an average attendance from the States of 500,000 people.

I have a political item which the Times Republican readers may consider a chance for an investment. There will be placed at the German Bank on Monday next \$200,000 that Judge D. Cady Herrick will be the next Governor of the State of New York. This means that Allen B. Parker will receive the electoral vote of New York. With Tom Taggart carrying Indiana, Parker will be elected. In heart and soul William J. Bryan is anxious to secure Parker an election. By this way he asked me to say a good word for Ollie James. I told him he did not need it. Ollie is good for 100,000 majority in the First district.

Paris decrees that tall, slim women shall be the vogue this winter. Many of us, however, wait continue to admire eyes upon the short, plump understandings of the angels up in high.

Cut your apples in large quarters. They will bring more money. Schwab.

The carpenter is abroad in the land and many new homes are going up. Not a few of them are to be occupied by young people, who have lately gone through the ordeal of a wedding march and marriage ceremony. As a matter of course there has been a great deal of talking "under the rose" about the location, the style of architecture, the quality and quantity of furniture to be purchased, and how they intend to live when they take possession of this modernized Eden. Ah, we wish we could impress it on their minds that it doesn't matter so much whether the house be built after Gothic or pioneer style of architecture, whether the furniture is of fashionable make or homi manufacture; whether the walls are hung with costly tapestry or with family wardrobe; if love and virtue cement the family circle, it will be a home in the truest sense of the word. The body is but the dwelling place of the soul, so likewise the house is but the tenement of the home. We cannot all have perfect forms, and classic features, but we can have pure, beautiful spirits, we cannot all have elegant, richly furnished houses, but we can have sunny, pleasant homes.

KENTUCKY POLITICS.

It was not possible for the Democrats of the Third district to make a mistake in nominating a candidate for Congress. Senator Nat Porter or Jim Richardson could have made a winning fight against the Republicans. Fortunately the nomination of Mr. Richardson, who is one of the most brilliant newspaper men in the State, has left no bitterness and Senator Porter and his friends will lend every aid to making his election certain.

Judge Parker's letter of acceptance has been given to the public and it is all that his own friends could have desired—clear, concise, logical. No leading issue of the day is left untouched and nothing is left to conjecture as to his views upon such. A spirit of broad patriotism pervades the entire document, the speech has spoken and his enemies are confounded. This letter, like all the other public utterances of the Honorable gentleman, will strengthen both the party and the candidate before the country.

Ollie James will be in the stump for the Democrats at the earliest possible moment. No other speaker has more admirers than the Harrodsburg Congressman from the First district. His splendid presence is in itself a favorable introduction when he adds to that real merit as a speaker, with the spirit and fire of a true orator, he wins his hearers without effort. The Campaign committee will do its utmost to meet the demands for Congressman James services, but if he were like the faded gentlemen of old, three men in one, he would be unable to fill all the appointments that have been made for him.
